

Tomasz Bartmiński, CFA

Investment Risk Management Specialist
NN Investment Partners TFI S.A.

A graduate of Economics at Maria Curie-Skłodowska University in Lublin, where in 1996 he defended his master's thesis on the functioning of investment funds. In practice, he became involved with the fund market a year later, taking investment analyst position in Skarbiec Investment Company (Commerzbank/ADIG capital group). Then, as a Junior Portfolio Manager and co-manager of the first Polish closed-end fund - FIZ SEZAM, he moved in 2000 to DWS Investment Company (Deutsche Asset Management Group), where he went through the entire career path from the Fund Manager, through the Head of Fixed Income, Investment Department Director and (after organizational changes in the capital group) to the Director of the Risk Management and Compliance Department. After the DeAM group left Poland (2011), he joined TMS Brokers brokerage house, where for two years he worked on the project of a launching of a new Investment Company and at the same time he advised on the capital market and foreign exchange and commodity derivatives. After the project failure, he started working at ING Investment Company (currently NN Investment Partners), where he is responsible for investment funds risk analysis and matching portfolio investment policies to their risk profiles. He is interested in ESG, Robo-advice and the issue of appropriate and fair remuneration for actively managed funds.

In addition to the CFA certificate, he has the licenses of a securities broker (No. 860) and investment advisor (No. 164).

Married, three children.
